* Students must be accepted into program. See information on HCC website and in HCC catalog. There are a limited # of program openings per year.

The following course has been reappraised as Prerequisite Course under special circumstances**:

NURS 091 Nursing Assistant CIP Code: 511614

** *Note: Basic Nursing Assistant (CNA) will be a prerequisite course for RN training and this training progression is laid out in the participant's training plan. WIOA 3 has a two-year ITA training limit; RN training takes at least 2 years. However, if a training program cannot be completed within two years and there is good justification why a participant must exceed the two year limit, an exception to the ITA training time limit may be granted.*

COSTS:

Rock Valley College has a Cooperative Educational Agreement with HCC. The following applies:

NOTE REGARDING COOPERATIVE EDUCATIONAL AGREEMENTS from **2016-2017 RVC catalog (page 93)**: *Rock Valley College has career education cooperative educational agreements with several Illinois community colleges so that students may enroll in occupational degree and/or certificates programs not available at RVC. Students take all specialized courses at the cooperating college. Related technical and general education courses required by the cooperative programs may be taken at Rock Valley College or the community college offering the program. The cooperating college will issue all degree or certificates for successful completion of the individual program. The student pays the in-district tuition of the offering institution.*

Participants from Boone & Winnebago Counties must check with RVC/ HCC and determine if the program they want is covered under RVCs Cooperative Educational Agreement. Student applications for cooperative agreements (in-district tuition) are available in the RVC Student Development Office, on second floor of the Student Center. **Participants from Stephenson County** must check with HCC.

Student Schedule Changes

Schedule changes are allowed during the first week of classes by completing an Add/Drop Form and turning it in to the Admissions and Records office in each regular semester. Any revision in the student's schedule after registration must be processed on the Add/Drop Form that is available from a student advisor or the Office of Admissions and Records. In addition, students wishing to change their schedules should see a student advisor to learn how their changes will affect their student academic success. (The Office of Admissions and Records must receive the completed form before the change becomes valid.) Once the class has started, the student must receive the instructor's written signature on the add/drop form. Classes can be dropped with a full refund during the first two weeks of classes for 16-week week classes. See the Office of Admissions and Records regarding classes that run less than 16 weeks.

Class-Level Change

Upon recommendation of the instructors of both sections involved and with approval of the division's dean, a student may be transferred from one level of a course to another during the first four weeks of a semester.

Tuition and Fees Refund Policy

Courses can be dropped "No Record" during the first ten academic days (for 16-week classes, please see Admissions and Records for dates of shorter length classes) of a regular semester using the forms available at the Office of Admissions and Records. No official record of enrollment in the class will be maintained. All tuition paid will be refunded during the "No Record" drop period. After this period, no refunds are granted. Students are responsible for ensuring that all paperwork is completed if they are dropping or changing classes.

Refund Amount 100%: 16-week classes – through the first 10 business days of class

Refund Amount 100%: 8-week classes – through the first 5 business days of session start date

Refund Amount 100% - 6 week classes – through the first 5 business days of session start date

Refund Amount 100%: 5-week classes – through the first 3 business days of session start date

Refund Amount – 100% - 4 week classes – through the first 3 business days of sessions start date

Regular Summer Session (8 week session)

Students who "No-Record" drop classes anytime during the first five days of the summer session will receive a 100 percent tuition refund.

Pre-Summer Session

Students must drop the second day of class for a full refund.

If a student has not shown up for any class before the drop date (for every different length of class, see date of Admissions and Records), they will be no-shown from their class and money will be refunded. If a student shows up for **at least one class**, the student is responsible for the tuition and fees of the courses.

Withdrawal From a Course

A student may withdraw from a course or courses by completing the following procedures in accordance with deadline dates published in this catalog or in other College publications. Unique courses and those with abnormal time frames may have alternate dates and procedures established by the Director of Enrollment and Records.

Student withdrawal from one or more courses after the "No Record" drop date and prior to the last 10 academic days (for 16 week classes) before the first day of final exams (as published in the official College calendar) will be recorded as a "W." This grade is non-punitive (i.e., no grade points or semester hours will be included in the computation of the student's grade point average.) However, there are financial aid implications due to withdrawals. Proportional adjustments will be made for short-term classes. Students must fill out a withdrawal form from the Admissions and Records office and see their instructor for their signature and last date of attendance. Upon receiving the signature, students will then turn in the withdrawal form to Admissions and Records. Payment for courses must still be made.
